

# Paediatric Dermatology

Residents and Specialists Course | 28-29 January 2022 | Barcelona, Spain

## Description

During the course the attendees will be able to update their knowledge on the most common paediatric skin conditions with the help of the most world prestigious experts on paediatric dermatology.

Participants will also have the opportunity to meet after the sessions and enjoy a further exchange in the beautiful city of Barcelona.

## Learning Objectives

After the course, participants will be able to

- Identify the most common paediatric dermatology conditions
- Treat and investigate accurately the most severe conditions
- Have a good approach to hair dysplasia in children

## Faculty

Ramon Grimalt, Mario Cutrone, Dirk Van Gysel, Talia Kakourou, Carlo Gelmetti
