

Auto Immune Blistering Disorders

Residents and Specialists Course | 08-09 February 2022 | Paris, France

Description of the course

Auto immune blistering disorders (AIBD) are an heterogeneous group of disorders in which major progresses have been done these last years both in the pathogenesis, diagnosis and treatment.

This course will focus on:

- i) main points which are important to understand in the pathogenesis of these diseases;
- ii) frequent and infrequent clinical presentations;
- iii) in vivo and serological methods to adequately perform the diagnosis of the different AIBD;
- iv) conventional and innovative new treatments

Learning Objectives

After the course, the participants will be able

- To understand the mechanisms of these diseases and their consequences on the diagnosis and the management of patients;
- To interpret diagnostic exams;
- To propose adequate treatment, taking into account data from the EBM, the characteristics of patients and the disease severity.

Faculty

Pascal JOLY, Enno SCHMIDT, Luca BORRADORI, Frédéric CAUX

Programme

Tuesday, 8 February 2022

09:00 - 09:15	Welcome address - Prof. Pascal Joly
09:15 - 09:45	Definition and classification of autoimmune bullous diseases, general diagnostic approach for all diseases - Prof. Luca Borradori
09:45 - 10:45	Diagnostic methods in AIBD - Prof. Enno Schmidt
10:45 - 11:00	Coffee break
11:00 - 12:00	Case Report Session 1 - Prof. Luca Borradori
12:00 - 12:30	Pre therapeutic screening in AIBD - Prof. Pascal Joly
12:30 - 14:00	Lunch break
14:00 - 15:30	Bullous pemphigoid (epidemiology, physiopathology, diagnostic, treatment) - Prof. Luca Borradori
15:30 - 16:30	Case Report Session 2 - Prof. Enno Schmidt
16:30 - 16:45	Coffee break
16:45 - 17:45	Mucous Membrane Pemphigoid: Cicatricial Pemphigoid and Epidermolysis Bullosa Aquisita (epidemiology, physiopathology, diagnostic, treatment) - Prof. Frederic Caux
20:00 - 22:00	Networking Dinner with faculty and participants

Wednesday, 9 February 2022

09:00 - 10:00	Rare auto immune disorders (P200, PG, PNP, LABD) - Prof. Enno Schmidt
10:00 - 10:15	Coffee break
10:15 - 11:15	Case Report Session 3 - Prof. Frederic Caux
11:15 - 12:30	Pemphigus group - Prof. Pascal Joly
12:30 - 14:00	Lunch break
14:00 - 15:00	New emerging therapies in AIBD - Prof. Frederic Caux
15:00 - 16:00	Case Report Session 4 - Prof. Pascal Joly - Diagnostic conundrums in AIBD - Managing patients whose AIBD don't fit with the guidelines or data from the literature
16:00	End of course and farewell
