

Cosmetic Dermatology

Residents and Specialists Course | 28-30 April 2022 | Brussels, Belgium

Description of the Course

The speakers will address the participants the way to understand the scientific grounds of cosmetology and how to perform cosmetic procedures in the safest way. A live session on patients will take place a whole afternoon. Focus will also be given to legal issues and management of complications.

Learning Objectives

- . Learn the scientific basis to cosmetology
- . Visualize the procedures of injections of fillers and practice where to inject botulinum toxin
- . Understand how to manage fillers and botulinum toxin complications

Faculty

Speakers: Bertrand Richert, Elena Rossi, Myrto Trakatelli, Konstantinos Kalokasidis, Pauline Lecerf

Tutors: Lisa Goldberg, Marisa Mathieu
