

Paediatric Dermatology

Residents & Specialists Course | 11-12 Jan 2024 | Barcelona, Spain

Description

During the course the attendees will be able to update their knowledge on the most common paediatric skin conditions with the help of the most world prestigious experts on paediatric dermatology.

Participants will also have the opportunity to meet after the sessions and enjoy a further exchange in the beautiful city of Barcelona.

Learning Objectives

After the course, participants will be able to

- Identify the most common paediatric dermatology conditions
- Treat and investigate accurately the most severe conditions
- Have a good approach to hair dysplasia in children

Faculty

Course Chair: Ramon Grimalt

Speakers: Mario Cutrone, Dirk Van Gysel, Vincenzo Piccolo, Carlo Gelmetti
