

# Summer Workshop: Dermoscopy

Residents & Specialists Course | 1-5 July 2024 | Thessaloniki, Greece

## Description

The Dermoscopy Summer Workshop will offer a comprehensive and analytic training on dermoscopy, from the basic principles of the method to the modern developments in skin imaging. In terms of topics, the field of cutaneous oncology will be exhaustively covered, but additional applications of dermoscopy in general dermatology will also be discussed.

## Learning Objectives

1. Recognize skin cancer at the earliest possible stage,
2. Diagnose benign tumours and minimise unneeded biopsies,
3. Use dermoscopy for the evaluation of hair disorders,
4. Use dermoscopy for inflammatory skin disorders,
5. Define the indications for total body skin imaging,
6. Identify the potential benefits and risks from applications using artificial intelligence for skin cancer diagnosis and management.

## Faculty

Chair: Aimilios Lallas

Speakers: Josep Malvehy, Susana Puig, Luc Thomas, Giuseppe Argenziano, Zoe Apalla, Elizabeth Lazaridou, Elena Sotiriou, Konstantinos Liopyris, Dimitrios Sgouros
