Industry sessions

The EADV Industry Partners organize several sessions as an adjunct to the EADV Scientific Sessions. The sessions are organized by the companies and feature presentations by experts in the field, panel discussions and other type of sessions.

The industry sessions are a valuable way to learn about new research, techniques or treatments in the field of dermatology and venereology. In addition, some sessions will focus on sharing information about new products, services and/or technologies available.

At the EADV Congress, 2 different types of industry sessions are organized:

Satellite symposia	Industry expert hubs
Satellite symposia are organized in the main session rooms and take place during the morning, lunch breaks and after the last session of the day. These sessions last between 45, 60 and 90 minutes and offer a wider education on the presented topic to remain updated on any progression in the field	Industry expert hubs are organized in Hall 4 and Hall 5 of the RAI Amsterdam. These sessions last 45 minutes and are focused on bringing together a smaller group of experts to discuss more in-depth or to focus on a specific topic

Industry sessions programme

The industry session organiser is solely responsible for keeping any of its industry sessions activities compliant with all relevant laws and regulations. EADV is not involved with in or have any control over the content, quality, organization, operation, scientific integrity of the activity and materials. EADV will not be involved in the selection of speakers, moderators and other faculty.

Access to industry sessions

As a multidisciplinary audience will be attending the EADV Congress 2024, please make sure to select the right category, Healthcare Professionals (HCPs) and Non-Healthcare Professionals (NON-HCPs), during the registration process. Access to any industry sessions where data or research of prescription medicines is presented will be limited exclusively to Healthcare Professionals (HCPs) and Non Members (INDUSTRY).

Industry session organisers may limit participation to certain representative groups independently from EADV recommendations if deemed imperative to the achievement of the intended purpose of the Industry session.

Satellite Symposia - Programme at a glance

Wednesday, 25 September 2024

Room		Lunch symposia 13:00 - 14:00
Room 7.1	<u>SAT 1.01</u>	Johnson & Johnson (Psoriatic disease)
Room 7.2	<u>SAT 2.01</u>	AbbVie (Management of psoriatic disease)
Room 7.3	<u>SAT 3.01</u>	Sanofi (OX40L in AD)
Room 7.4	<u>SAT 4.01</u>	Amgen and Kyowa Kirin (T-cell imbalance and the role of OX40 receptor)
Room 7.5	<u>SAT 5.01</u>	Pfizer Inc. (Alopecia areata)
Forum	<u>SAT 6.01</u>	Beiersdorf AG (Aging)
E102	<u>SAT 7.01</u>	GALENIC (HK) LIMITED (Melasma)
E103-E104	<u>SAT 8.01</u>	Regeneron (Non-melanoma skin cancer)
E107-E108	<u>SAT 9.01</u>	Sanofi Regeneron (Bullous pemphigoid)

 HCP only and
Non Members (INDUSTRY)

 Session open to all

Satellite Symposia - Programme at a glance

Thursday, 26 September 2024

Room	Lunch symposia 13:00 - 14:00		Evening symposia 17:45 - 19:15	
Room 7.1	<u>SAT 1.03</u>	Eli Lilly (Alopecia areata, atopic dermatitis and plaque psoriasis)	<u>SAT 1.04</u>	LEO Pharma
Room 7.2	<u>SAT 2.03</u>	AbbVie (Management of atopic dermatitis)		
Room 7.3	<u>SAT 3.03</u>	Johnson & Johnson (Psoriasis)		
Room 7.4	<u>SAT 4.03</u>	Sanofi Regeneron (Atopic dermatitis)	<u>SAT 4.04</u>	Novartis Pharma AG (Hidradenitis suppurativa) No US Based delegates (Onsite and Virtual)
Room 7.5	<u>SAT 5.03</u>	Pfizer Inc. (Alopecia areata Atopic dermatitis)		
Forum	<u>SAT 6.03</u>	UCB (Hidradenitis Suppurativa)		
E107-E108	<u>SAT 9.03</u>	Bristol Myers Squibb (Psoriasis)		
G102-G103	<u>SAT 10.03</u>	Novartis Pharma AG (Chronic Spontaneous urticaria)		
G104-G105	<u>SAT 11.03</u>	Laboratoire Dermatologique Avene - Pierre Fabre Dermo Cosmetique (Solar protection)	<u>SAT 11.04</u>	Almirall S.A. (Pso: Long-Term Patient Outcomes)

HCP only and
Non Members (INDUSTRY)

Session open to all

 ROOM 7.3

Sanofi

SAT 3.01		OX40 Ligand: The Conductor of the Atopic Dermatitis Orchestra? Chairs: Raj Chovatiya (Chicago, United States) Thomas Bieber (Bonn, Germany)
SAT 3.01.01	13:00	Welcome Raj Chovatiya (Chicago, United States) Thomas Bieber / (Bonn, Germany)
SAT 3.01.02	13:05	Unmet needs in AD and Future Treatment Goals Raj Chovatiya (Chicago, United States) Thomas Bieber (Bonn, Germany)
SAT 3.01.03	13:12	Where does OX40 Ligand fit in the AD Orchestra? Raj Chovatiya (Chicago, United States)
SAT 3.01.04	13:22	Exploring the evolution of AD therapies: Targeting OX40 Ligand-OX40 pathway Thomas Bieber (Bonn, Germany)
SAT 3.01.05	13:47	Discussion and audience Q&A Raj Chovatiya (Chicago, United States) Thomas Bieber (Bonn, Germany)
SAT 3.01.06	13:58	Closing Raj Chovatiya (Chicago, United States)

Please join us for two Sanofi-sponsored symposia at 2024 EADV annual meeting

OX40 Ligand: The Conductor of the Atopic Dermatitis Orchestra?

Wednesday, 25 September 2024 | 13:00-14:00 CEST | Room 7.3 (Hall 7)

Raj Chovatiya, MD, PhD, MSCI
Clinical Associate Professor, Rosalind Franklin
University Chicago Medical School
Founder and Director, Center for Medical
Dermatology and Immunology Research,
Chicago, IL, USA

Thomas Bieber, MD, PhD, MDRA
Professor of Dermatology and Allergy,
Christine Kühne-Center for Allergy Research and
Education, Medicine Campus Davos, Switzerland
Department of Dermatology, University Hospital,
Zürich, Switzerland

Drs. Chovatiya and Bieber will discuss unmet needs in AD and explore the role of the OX40 Ligand-OX40 upstream signaling pathway in AD inflammation. They will review data in which modulation of the OX40 Ligand-OX40 pathway has improved our understanding of the importance of this signaling axis in AD. The experts will have an engaging discussion on the future treatment goals of AD such as durability of clinical response and remission. They will share their clinical expertise on how targeting OX40 Ligand may be a key piece in addressing the current unmet needs in AD.

Connecting the Dots: BTK Signaling and Pruritus

Friday, 27 September 2024 | 7:30-8:15 CEST | Room 7.4 (Hall 7)

Shawn Kwatra, MD
Joseph W. Burnett Professor and Chairman,
Department of Dermatology
University of Maryland School of Medicine,
Baltimore, MD, USA

Dr. Kwatra will provide an overview of pruritic diseases, including atopic dermatitis, chronic spontaneous urticaria, and prurigo nodularis, and explore neuroimmune pathways including intracellular Bruton's tyrosine kinase (BTK) signaling as a potential mechanistic link driving pruritus in these dermatologic conditions. He will discuss the data and share his clinical expertise on how inhibiting BTK signaling may improve dermatologic symptoms in pruritic diseases.

Looking forward to seeing you at booth A27!

The symposia are sponsored by Sanofi and are not eligible for continuing education (CME) credits. Speakers will receive compensation for their participation in the symposia. These sessions and access to the exhibition area are restricted to Healthcare Professionals only.

Almirall, proud sponsor of the

**EA
DV** CONGRESS
AMSTERDAM
25-28 SEPT 2024

Don't miss these two remarkable Symposia on **psoriasis** and **atopic dermatitis** and keep on building the future of medical dermatology with Almirall.

Thursday, September 26th

From 17:45 h. to 18:45 h. CEST

**Advancing Psoriasis Management
for Long-Term Patient Outcomes**

Chair, **Prof. Dr. Diamant Taçi**
Prof. Dr. Anna López-Ferrer
Prof. Dr. Ulrich Mrowietz

Friday, September 27th

From 13:00 h. to 14:00 h. CEST

**Precision in AD: how lebrikizumab[▼]
is changing the treatment paradigm**

Chair, **Prof. Dr. Marjolein de Bruin-Weller**
Dr. Andrew Blauvelt
Prof. Dr. Sascha Gerdes

Learn more about the speakers
and download the calendar invite at

www.almiralldermatologycongress.com

▼ All adverse events must be reported. Please refer to the adverse event reporting framework for your local supervisory authority. Lebrikizumab is approved by EMA and is currently authorised for commercialisation in a number of markets including Germany, Spain and the United Kingdom.

These sessions are organised and funded by Almirall. Almirall products may be discussed.
These sessions are restricted to Healthcare Professionals only.
