

Dermoscopy

Specialists Course | 06 – 07 September 2024 | Prague, Czech Republic

Description

Giving participants a solid foundation in dermoscopy and increasing their confidence when evaluating benign and malignant, melanocytic and non-melanocytic lesions is the main goal of this course.

Renowned dermatologists will lead the programme and will provide an accurate understanding and knowledge of dermoscopic criteria typical for tumors and inflammatory skin diseases, as well as algorithms to manage challenging cases. Special emphasis will be put on the application of dermoscopy in the daily practice for diagnosing tumors and managing treatments. The course will include important interactive components with clinical cases and some dermoscopy quiz every day.

Learning Objectives

1. To learn dermoscopic criteria of malignant and non-malignant skin lesions
2. To manage the concept of dermoscopy-histopathology correlation
3. To implement systems for monitoring and follow-up of patients with suspicious skin lesions

Faculty

Chair: Monika Arenbergerova

Speakers: Giuseppe Argenziano, Giulia Briatico, Marek Pásek, Tomas Fikrle

Tutors: Petr Arenberger, Miroslav Důra, Jan Finsterle

Programme

Friday, 06 September 2024

Basic characteristics of dermoscopy

- 09:00-09:10 Welcome and introduction – Petr Arenberger
09:10-09:40 Structures in dermoscopy – Giulia Briatico
09:40-10:10 Colours in dermoscopy – Giuseppe Argenziano
10:10-10:40 Techniques and equipment in dermoscopy – Tomas Fikrle
10:40-11:10 **Coffee Break**

Pigmented lesions

- 11:10-11:40 Pigmented nevi – Tomas Fikrle
11:40-12:10 Spitzoid lesions – Giuseppe Argenziano
12:10-12:40 Early melanoma – Giulia Briatico
12:40-13:10 Mimickers of melanoma – Monika Arenbergerova
13:10-14:10 **Lunch Break**

Non-melanocytic lesions

- 14:10-14:40 Benign non melanocytic lesion – Tomas Fikrle
14:40-15:10 Actinic keratosis and Bowen disease – Giulia Briatico
15:10-15:40 Squamous cell carcinoma diagnosis and treatment – Giuseppe Argenziano
15:40-16:10 Basal cell carcinoma diagnosis and treatment – Marek Pásek
16:10-16:40 **Coffee Break**

Dermoscopy in management of skin cancer

- 16:40-17:10 Melanoma in pregnancy diagnosis and management – Marek Pásek
17:10-17:40 Mohs micrographic surgery vs wide local excision – Jan Finsterle
17:40-18:00 Kahoot quiz – Monika Arenbergerova

19:30-21:30 **Networking Dinner with participants and faculty members**

Saturday, 07 September 2024

Specific anatomical sites

- 09:00-09:30 Flat face lesions – Tomas Fikrle
- 09:30-10:00 Acral lesions – Marek Pásek
- 10:00-10:30 Pigmented bands in nails – Marek Pásek
- 10:30-11:00 Mucosal lesions – Monika Arenbergerova
- 11:00-11:20 **Coffee Break**

Age specific dermoscopy

- 11:20-11:50 Congenital nevi – Giulia Briatico
- 11:50-12:20 Dermoscopy in children – Giuseppe Argenziano
- 12:20-12:50 Dermoscopy in geriatric population – Monika Arenbergerova
- 12:50-13:20 Field cancerization – Marek Pásek
- 13:20-14:20 **Lunch Break**

Dermoscopy and histopathology

- 14:20-14:50 Atypical melanocytic lesions – Miroslav Důra
- 14:50-15:20 Interpretation of histopathologic reports – Giuseppe Argenziano
- 15:20-15:50 Indications for total body photography and digital dermoscopy – Tomas Fikrle
- 15:50-16:20 **Coffee break**

Resident cases and final quiz

- 16:20-16:40 The best resident cases – Jan Finsterle
- 16:40-17:00 Kahoot quiz – Giuseppe Argenziano
- 17:00 Closing remarks and farewell

The programme might be subject to changes.
