Welcome from the EADV President

Dear Colleagues, Dear Friends,

As President of the EADV, I am honoured to welcome you to the European Academy of Dermatology and Venereology (EADV) Spring Symposium, taking place in Prague from May 22nd – 24th 2025.

Spring Symposia hold a special place in the EADV calendar, emphasizing our continued commitment to European inclusiveness and allowing for an in-depth exploration of specific topics. For this much-anticipated event, we've chosen the Bohemian backdrop of Prague.

In Prague participants can expect to explore a rich programme curated by the Scientific Programming Committee with scientific content specifically focussing on scientific content with a special focus on viral infections and on new targeted treatments for inflammatory diseases. Moreover, "What's new" sessions will cover the latest updates in the main fields of dermatology and venereology, such as skin cancer, psoriasis, STIs, hidradenitis suppurativa and lupus.

This year an increased number of "interactive clinical cases" sessions will offer a greater opportunity for the audience to actively participate to the delivery of the scientific content. "Free Communications" sessions will present the best valued abstracts from a vast number of submissions.

The anticipated Plenary lecture will be delivered by Professor Bohdan Pomahac, from Yale University who will intrigue us with the 'many faces' of full-face transplantation.

You are warmly invited to join us in the city of a Hundred Spires, where the union of knowledge and participation will create an unforgettable experience.

Uvidíme se v Praze!

A handwritten signature in black ink that reads "Branka Marinović". The signature is fluid and cursive.

Prof. Branka Marinović
EADV President

The Academy

EADV is committed to building the international community that develops, shares, and adopts best practices within dermatology and venereology.

With over 11'000 members and an active community of more than 17'000 professionals around the world, our goal is to be the trusted source for proven scientific advancements and practices in the prevention, diagnosis, and treatment of skin and venereal diseases.

Skin and venereal diseases are continuously evolving, as are the science and practices for preventing, diagnosing, and treating them. Advancements are being made every day that have the potential to have a significant impact on the ongoing battle to improve skin and sexual health around the world. Enabling these advancements to be validated and ensuring all professionals adopt the best practices ultimately moves dermatology and venereology forward.

EADV and its international community of passionate professionals define and spread best practices in dermatology and venereology for the benefit of all. We are a true platform for collaboration and progress across borders and sub-specialties.

Expert task forces shape standards and develop best practice guidelines, while our events, publications, and educational courses share them with our members and the broader community so they can adopt them for maximum impact.

Our values

COLLABORATIVE

We believe in working together, capitalising on one another's knowledge and expertise for the benefit of all.

PROGRESSIVE

We are always looking to improve, encouraging each other to change the way things are done for the better.

INCLUSIVE

We maintain that everybody has something to contribute, involving as many people as possible to maximise impact.

TRUSTED

We are professional, only sharing scientifically sound advancements so our members can move forward with confidence.

Our activities

Our activities provide a unique platform to empower members to develop, spread and adopt best practices.

EA CONGRESS DV

Our flagship annual event showcases the latest science, research and best practices from all areas of dermato-venereology, with networking opportunities with colleagues from around the world.

EA SYMPOSIUM DV

Annual event focused on exploring the latest developments within specific areas of dermato-venereology, with networking opportunities with colleagues specialising in those areas.

EA JEADV DV

Leading international peer-reviewed journal with globally recognised editorial board. Includes guidelines, reviews, clinical trials and original scientific articles.

EA JEADV DV CLINICAL PRACTICE

Open access peer-reviewed journal with cutting-edge clinical content of a more practical and hands-on nature.

EA EDUCATION DV

Extensive range of face-to-face and online courses, offering continuous medical education, including a CME accredited programme, for trainees and practicing dermato-venereologists.

EA GUIDELINES DV

Over 30 task forces, open to all members, focusing on the creation and spreading of best practice guidelines for the prevention, diagnosis and treatment of skin and venereal diseases.

EA NEWS DV

Quarterly update on what is happening within our community, and in the field of dermato-venereology around the world, with particular emphasis on the latest best practices.

EA FUNDING DV

A range of activities and opportunities for community members to get involved or participate in, including scholarships, grants, research funding and fellowships in prestigious hospitals.

Scientific Programme

The scientific programme is organised on full or half-day tracks; each track has a specific topic and a structured programme.

Session formats

Sessions of different formats will cover the important fields of dermatology and venereology. Subjects will be treated with different approaches and from different perspectives. The following session types will be scheduled throughout the duration of the Symposium and are available to all registered participants.

- **Plenary sessions:** Plenary lectures are EADV show-case sessions and include key-note lectures delivered by eminent scientists and doctors.
- **Focus on:** These sessions aim at providing comprehensive in-depth coverage of a certain topic in dermatology. The talks will be included in sessions on pathophysiology / epidemiology, clinical challenges, or practical aspects of disease management and will provide the latest cutting-edge information.
- **What's new:** These sessions will enable participants to update their knowledge on a specific topic and hear about the most relevant and recent developments, guidelines and practical knowledge from the past year. The talks will summarize the current understanding of the subject, followed by an update on the most recent novelties with their impact on clinical practice.
- **Interactive clinical cases:** These lectures focus on a specific disease and include basic information about epidemiology, pathophysiology, diagnosis, management and prognosis. The target audience of these sessions is young dermatology trainees and residents, as well as dermatologists that want to refresh their basic knowledge on specific topics. The topic of each presentation should be developed from clinical cases and include clinical photographs. The main objective is to provide the audience clues for differential diagnosis and disease management in their daily practice. Each presentation is supposed to be interactive, with multiple-choice question made to the audience in accordance with the subjects treated in the talks. Each speaker will be asked to include 2-3 questions by “data” along with the different answers’ options.
- **Free communications:** Authors of the most highly-ranked abstracts assessed by a selected panel of abstract reviewers are invited to provide a 10-minute oral presentation.

WHAT'S NEW

⌚ 14:00 – 15:30 CEST

📍 FORUM HALL

DIT1.1		Melanoma Chairs:
DIT1.1A	14:00	Impact of prevention campains Ana-Maria Forsea (Bucharest, Romania)
DIT1.1B	14:20	Novel imaging techniques Mariano Suppa (Brussels, Belgium)
DIT1.1C	14:40	Management of lentigo maligna Eduardo Nagore (Valencia, Spain)
DIT1.1D	15:00	Adjuvant, neoadjuvant treatment and beyond Petr Arenberger (Prague, Czech Republic)
DIT1.1E	15:20	Discussion, Q&A

WHAT'S NEW

⌚ 15:45 – 17:15 CEST

📍 FORUM HALL

DIT1.2		Keratinocytic skin cancer Chairs: TBC
DIT1.2A	15:45	Sunscreens and chemoprevention Yolanda Gilaberte Calzada (Zaragoza, Spain)
DIT1.2B	16:05	Non-surgical therapies Alessandro Di Stefani (Rome, Italy)
DIT1.2C	16:25	Identification of high risk tumours Alexander Stratigos (Athens, Greece)
DIT1.2D	16:45	Medical treatment of advanced tumours Ariadna Ortiz (Toulouse, France)
DIT1.2E	15:20	Discussion, Q&A

Thursday 22 May 2025

FOCUS ON

⌚ 14:00 – 15:30 CEST

📍 SOUTH HALL 2

DIT2.1		Focus on new targeted treatment: Inflammatory diseases Chairs: TBC
DIT2.1A	14:00	Oral IL-23 and IL-17 inhibitors Lluís Puig (Barcelona, Spain)
DIT2.1B	14:20	New Th2-targeting drugs Patrick Brunner (New York, United States)
DIT2.1C	14:40	Are JAK-inhibitors the answer for alopecia areata and vitiligo? Brett King (Fairfield, United States)
DIT2.1D	15:00	New interferon and plasmacytoid dendritic cells targeted treatments for autoimmune diseases Claudia Günther (Dresden, Germany)
DIT2.1E	15:20	Discussion, Q&A

FOCUS ON

⌚ 15:45 – 17:15 CEST

📍 SOUTH HALL 2

DIT2.2		Focus on new targeted treatment: Inflammatory diseases Chairs: TBC
DIT2.2A	14:00	New drugs for autoinflammatory/pustular/neutrophilic diseases Miloslav Salavec (Hradec Králové 5, Czech Republic)
DIT2.2B	14:20	New central and peripheral itch drugs Jacek Szepietowski (Wroclaw, Poland)
DIT2.2C	14:40	New drugs for urticaria Torsten Zuberbier (Berlin, Germany)
DIT2.2D	15:00	B-cell-targeted treatments for bullous diseases Frederic Caux (Bobigny, France)
DIT2.2E	15:20	Discussion, Q&A

Thursday 22 May 2025

FREE COMMUNICATIONS

⌚ 14:00 – 15:30 CEST

General information

Official language

English is the official language of the Symposium.
No simultaneous translation will be provided at any EADV scientific session.

Scientific sessions

Sessions of different formats will cover the important fields of dermatology and venereology. Subjects will be treated with different approaches and from different perspectives. The following session types will be scheduled throughout the duration of the Symposium and are available to all registered participants: Plenary lectures, Focus on, What's new, Clinical cases discussion, Free communications, and Breaking news.

The scientific programme has been organised on full or half-day tracks; each track has a specific topic and a structured programme. Three separate levels are offered: one junior track for Trainees and Residents, another for Board-Certified Dermatologists and Venereologists and a third one for Expert Specialists. Entry will be made on a first-come, first-served basis.

The use of mobile phones as well as audio and video recording devices are strictly prohibited within the scientific session rooms. Please ensure that you have your mobile phone switched off when attending a session. Photography is not permitted.

Session halls

All session rooms are equipped with LCD projection for PowerPoint presentation.

All Scientific Session rooms for the EADV Symposium are located within Prague Congress Centre. Please refer to the floor plans for orientation.

Seating is regulated on a first-come, first-served basis. We recommend you go to the session room well in advance of the session to ensure your place. Due to safety regulations, the organisers will close the access to the session if all seats are occupied. Delegates are not permitted to stand in the aisles of the session rooms.

Catering facilities

Lunches and coffee breaks are not included in the registration fees. Meals and snacks can be purchased within the Symposium venue during the opening hours in various catering areas of the venue. Please refer to the floor plans for orientation.

General information

Certificates and accreditation

All registered participants will be able to download their certificates online based on their level of engagement:

- A **Certificate of Attendance** is available for all registered participants who have a valid registration badge and attended at least 1 session
- A **CME-CPD Certificate** is available for all participants who actively attended scientific sessions, have their badge scanned and completed the online evaluation forms
- An **ePoster Certificate** is available for all leading ePoster authors
- An **Oral presentation Certificate** is available for all presenters of an abstract accepted for an oral presentation
- A **Speaker presentation Certificate** is available for all presenters who have delivered a lecture in a scientific session.

The certificates are not sent out automatically. They can be downloaded from our platform by entering the email address and password used during the registration process OR the EADV member log-in details (if a EADV member).

Abstract and ePoster

Accepted abstracts will be made available on our website eadv.org/scientific/abstract-books/

Abstracts selected for ePosters will be published as electronic posters during the Symposium and will be available for viewing in the ePoster area, on Level 2 of the Prague Conference Centre. 16 big screens are provided and configured exclusively to display the ePosters.

The ePosters can be viewed sequentially by number, submission topic or searched individually by title, key word, or author. The ePoster area will be open as follows:

- Thursday 22 May 11.00 – 17.30
- Friday 23 May 08.00 – 17.30
- Saturday 24 May 08.00 – 14.30

Information for speakers

All presentations must be in English. Speakers should also verify in the Final Programme that the name of the room and time of session have not changed.

Speakers must upload their presentation 3 hours (minimum) before the lecture if not already uploaded.

Speakers with a presentation during the first time slot of the morning are requested to upload their PowerPoint presentation the day before.

Privacy

Use of private data

The data made available through the Registration Portal for Congresses and Symposia are gathered and treated by the EADV in compliance with the Swiss regulation on data protection and the General Data Protection Regulation. We advise you to read full EADV Privacy Policy on eadv.org/privacy-policy.

Transferring the data to the industry session organiser

During the EADV Symposium you have the right to transfer the data collected by EADV to another controller (“the Industry session organiser”, “Industry”). It might happen through scanning a badge, QR code or other means. Each participant shall consider that by accepting any scanning of the badge, QR code or other means at any industry session at the Symposium, the participant gives authorization to the EADV to transfer the data of the participant to the Industry.

The EADV is obliged to make this process possible but does not take any responsibility for what happens with the data after it is transferred to the Industry session organiser. We advise to make sure that Industry presents Privacy Policy and read it carefully. It may occur that purposes described by the Industry Exhibitor might include the promotion of pharmaceutical products and similar.

Transfer of the data from the EADV to exhibiting Industry does not mean the removal of original data from EADV. If you wish for the data to be removed or have any request or questions, please contact us at any time by writing to eadvoffice@eadv.org.

Third-party registration

The EADV does not officially support or authorize any third-party organization that creates registrations for individuals or groups. We strongly advise to register accordingly to official fees and only on EADV official websites.

Liability disclaimer

The Organisers cannot be held liable for any hindrance or disruption to the EADV Symposium arising from political, social or economic events or any other unforeseen incidents beyond their control. The Organisers will accept no liability for any personal injuries sustained or for loss or damage to property belonging to Symposium participants, either during or as a result of the Symposium or during all tours and events. Registration of a participant entails acceptance of these conditions.

Registration

Any person who wishes to make a registration for the EADV Symposium can proceed online (**until Saturday 24 May 2025**), on the registration system platform available on eadv.org/symposium/registration

Fees, deadlines, policies and other important information are published online. You can find them on the above-mentioned link.

EADV Symposium Ticket

The EADV Spring Symposium Ticket includes:

- Name badge
- Admission to EADV Scientific Sessions
- Admission to the Networking Symposium – Thursday 22 May 2025 (No entertainment)
- Access to the ePoster area
- Access to Satellite Symposia Sessions *
- Possibility to collect ECMEC Credits upon participation in the EADV Scientific Sessions

**IMPORTANT: Industry Session organisers could limit participation to certain representative groups independently from EADV recommendations if deemed imperative to the achievement of the intended purpose of the industry session. The organising company reserves the right to refuse single categories if not adequately related to the objective and purpose of the session.*

A 1-Day Ticket is only valid for 1 of the 3 days of the Symposium and is limited to one ticket per participant.

Name Badge

Registered participants are invited to print out their badge at the self-printing machines on arrival to the Registration area. The name badge is the official EADV Symposium identification document and should be worn at all times in order to gain entry to the various Symposium areas.

The name badge is your ticket for booked activities and sessions. Admission to other areas of the venue is not permitted without badge identification.

The badge includes a QR-code containing your full address and email. It is the participant's decision to disclose these details to the Industry Session's organisers with a scanner.

Networking Symposium

Join us to celebrate the start of the 2025 EADV Symposium and participate in the first plenary lecture of this year's edition.

The opening plenary lecture will be preceded by a welcome address from EADV President, Prof. Branka Marinović, who will officially kick off the 2025 EADV Symposium. Following her remarks, Prof. Bohdan Pomahac will deliver a captivating lecture on the groundbreaking field of face transplantation.

To conclude the evening, join us for a networking reception starting at 18:30 on level 2 of the Prague Congress Centre, an excellent opportunity to connect with colleagues and speakers in a relaxed setting.

PRAGUE
22-24 MAY 2025

Exhibition and Industry Sessions

Exhibition

As an integral part of the EADV Symposium 2025, the exhibition area will take place in Panorama Hall, on level 1, for a total surface of 454 m² and will serve as a central forum for industry to network and conduct exchange with the Healthcare Professionals.

The exhibition hall will be open during the following hours:

- Thursday 24 May 13:00 – 17:30
- Friday 25 May 09:00 – 17:30
- Saturday 26 May 09:00 – 12:00

Please visit our [EADV Symposium website](#) to view the exhibition floorplan

Access to the exhibition area is limited exclusively to healthcare professionals (HCPs) and Non Members (INDUSTRY).

Industry sessions

Industry sessions programme

The industry sessions offer a unique opportunity to connect with key thought leaders, access to information on emerging science and innovative approaches to a wide range of current medical topics.

Two Satellite Symposia are organised on Friday 23 May 2025.

The industry session programme will be published soon

Satellite symposia programme and faculty in particular

The Industry Session organiser is solely responsible for keeping all its Industry Session activities compliant with all relevant laws and regulations. EADV is not involved with or has any control over the content, quality, organisation, operation, or scientific integrity of the activity and materials provided by the industries. EADV is not involved in the selection of speakers, moderators, and other faculty.

Access to satellite symposia

As a multidisciplinary audience will be attending the EADV Symposium 2025, please make sure to select the right category: Healthcare Professionals (HCPs) or Non-Healthcare Professionals (NON-HCPs), during the registration process.

Access to any Industry Sessions where data or research on prescription medicines is presented will be limited to Healthcare Professionals (HCPs) and Non Members (INDUSTRY).

Industry Session organisers may limit participation to certain representative groups independently from EADV recommendations if deemed imperative to the achievement of the intended purpose of the Industry Session.

Participating companies

 <p>PLATINUM SPONSOR</p>	<p>UCB is a global biopharmaceutical company focused on creating valuable solutions that make improvements to the lives of people living with neurological and autoimmune conditions. At UCB, we believe that everyone deserves to live the best life that they can. UCB works closely and forges strong connections with patients, caregivers, healthcare professionals and other stakeholders who know the challenges of these diseases and the unmet needs. UCB is headquartered in Brussels, Belgium with approximately 8,700 people in 40 countries.</p>
 <p>PLATINUM SPONSOR</p>	<p>At Pfizer, we apply science and our global resources to bring therapies to people that extend and significantly improve their lives. We strive to set the standard for quality, safety and value in the discovery, development and manufacture of health care products, including innovative medicines and vaccines. Every day, Pfizer colleagues work across developed and emerging markets to advance wellness, prevention, treatments and cures that challenge the most feared diseases of our time.</p>
 <p>GOLD SPONSOR</p>	<p>Bristol Myers Squibb is a leading global biopharma company focused on discovering, developing and delivering innovative medicines for patients with serious diseases in areas including oncology, hematology, immunology, cardiovascular and neuroscience. Our employees work every day to transform patients' lives through science.</p>
 <p>BRONZE SPONSOR</p>	<p>Driven by passion, we pioneer intelligent and user-centric skin imaging solutions that empower clinicians in medical and aesthetic dermatology worldwide. Together, we are your partners in advanced skin imaging and care.</p> <p>FotoFinder is the global epitome of cutting-edge skin imaging technology for follow-up care and superior accuracy. We provide state-of-the-art solutions for Video Dermoscopy and Total Body Mapping, blending advanced imaging and artificial intelligence.</p> <p>DermLite, known for its handheld dermoscopy devices, revolutionizes skin examinations with intuitive, high-quality, wearable imaging tools for quick assessments and new discoveries. With FotoFinder cloud integration, DermLite provides a flexible imaging solution.</p>
 <p>SUPPORTER SPONSOR</p>	<p>Opatra Advanced Skincare Technologies brings together the latest technological leaps and scientific innovations to create potent skincare solutions and dynamic tools that are redefining the beauty industry. As a leading device manufacturer and wholesaler, Opatra recognizes that our remarkable success is a reflection of your happiness with our easy-to-use instruments that help to produce healthy, youthful, and glowing skin.</p>
 <p>SUPPORTER SPONSOR</p>	<p>Universal Skin Technology produces mesotherapy cocktails, peeling and skincare products.</p> <p>Our wide range of mesotherapy cocktails are sterilized by using micro-filtration followed by a-septic filling. Also PDRN, CBD and Exosomes are offered within our sterile mesotherapy technology.</p> <p>The company offers brands like Universal MesoExpert, Philoderm Premium Meso, Philoderm Peeling and Skincare.</p> <p>Universal Skin Technology offers private label projects.</p>
