

Dermoscopy, from diagnosis to treatment

Residents Course | 25-27 June 2026 | Rome, Italy

Description

Analytical teaching of dermoscopy, covering the fundamentals of instruments and their proper use, as well as the criteria for identifying tumors and inflammatory skin conditions. Emphasis will be placed on applying this method in daily practice for tumor diagnosis, treatment selection, and evaluation. The course will feature interactive elements, including numerous case studies and personalized instruction.

Learning Objectives

- ✓ Identify best clinical practices in skin oncology and general dermatology.
- ✓ Define new controversial topics for treatment monitoring.
- ✓ Identify challenging scenarios and applying basic rules to do not miss melanomas.

Faculty

Chairs: Caterina Longo, Giovanni Pellacani

Speakers: Ketty Peris, Elvira Moscarella, Marija Buljan, Zoe Apalla, Aimilios Lallas

Tutors: Enzo Errichetti, Claudio Conforti

Programme

Thursday, 25 June 2026

9:00-9:15	Welcome from the Course Chairs Caterina Longo, Giovanni Pellacani
9:15-10:00	Introduction to dermoscopy Caterina Longo
10:00-10:45	Melanoma morpho & mimickers: tips & tricks for an accurate diagnosis Caterina Longo
10:45-11:15	Coffee break
11:15-12:00	Basal cell carcinoma: basics and advanced tips Caterina Longo
12:00-12:45	Squamous cell carcinoma: old and new criteria Zoe Apalla
12:45-13:30	Quiz cases Caterina Longo
13:30-14:30	Lunch break
14:30-15:15	When confocal microscopy is needed Giovanni Pellacani
15:15-16:15	What I learned in the last 10 years Zoe Apalla
16:15-16:30	Coffee break
16:30-17:45	Residents case presentations (~10 cases)

Friday, 26 June 2026

9:00-9:15	Nail melanonychia: basics and advanced tips and tricks Marija Buljan
-----------	---

- 9:15-10:00 Nail surgery: from biopsy to full excision of melanoma
Marija Buljan
- 10:00-10:45 The help of AI and similar: facts or fiction?
Aimilios Lallas
- 10:45-11:15 **Coffee break**
- 11:15-12:00 What I learned in the last 10 years
Elvira Moscarella
- 12:00-12:45 What I learned in the last 10 years
Giovanni Pellacani
- 12:45-13:30 What I learned in the last 10 years
Aimilos Lallas
- 13:30-14:30 **Lunch break**
- 14:30-15:15 Quiz cases
Marija Buljan
- 15:15-16:15 Uncommon tumors: diagnostic clues
Elvira Moscarella
- 16:15-16:30 **Coffee break**
- 16:30-17:45 Residents case presentations (~10 cases)
- 20:00-22:00 **Networking event with faculty members and participants**

Saturday, 27 June 2026

- 9:00-9:15 The role of imaging for non melanoma skin cancer
Ketty Peris
- 9:15-10:00 Dermoscopy and imaging devices for treatment assessment in skin
oncology
Claudio Conforti
- 10:00-10:45 What I learned in the last 10 years
Ketty Peris
- 10:45-11:15 **Coffee break**
- 11:15-12:00 What I learned in the last 10 years
Enzo Errichetti
