Welcome from the EADV President

Dear Colleagues, Dear Friends, and Esteemed Members of the EADV Community,

It is with great pleasure that I welcome you to the 35th EADV Congress 2026, taking place from 30 September to 3 October in the elegant city of Vienna. Renowned for its rich cultural heritage and longstanding tradition in science and medicine, Vienna provides an inspiring setting for our annual gathering.

The EADV Congress continues to showcase the latest science, research, and best practices across the full spectrum of dermatovenereology. This year's scientific programme offers a comprehensive and dynamic selection of sessions, including subspecialty tracks, hands-on workshops, and industry presentations, all designed to support continuous learning and professional exchange. I warmly encourage you to explore the programme and engage with the many opportunities it offers.

We are proud to bring together leading experts from across the world, alongside rising stars, to share knowledge, present new data, and discuss the evolving challenges and innovations shaping our field. The keynote Speaker Salim S. Abdool Karim, MD, PhD, FRS Director, Centre for the AIDS Programme of Research, South Africa will address the implications faced for future generations due to COVID19 and the infodemic.

The Congress remains a vital platform for collaboration, education, and inspiration for dermatologists and venereologists at every stage of their careers. In addition to the scientific sessions, the Congress will feature an extensive exhibition area where participants can discover the latest technologies, treatments, and products driving advancements in patient care. This vibrant space fosters dialogue between clinicians, researchers, and industry partners, strengthening the connections that advance our specialty.

The Austria Center Vienna, with its exceptional facilities and expansive congress space, will host this year's event, ensuring a comfortable and engaging experience for all attendees. To further facilitate your stay, full Congress registration includes access to Vienna's public transport network, making it easy to navigate and enjoy the city.

Whether you are joining us for the first time or returning once again, I encourage you to take full advantage of this unique opportunity to learn, connect, and be inspired.

On behalf of the EADV Executive Committee, I look forward to welcoming you to Vienna for what promises to be an outstanding Congress.

With warmest regards,

Prof. Branka Marinović
EADV President

Welcome from the EADV Scientific Programming Committee

Dear Colleagues,

We are excited to welcome you to the 35th EADV Congress in Vienna! This year's event brings together science, clinical excellence, and innovation to shape the future of dermatology and venereology.

The scientific program features our core tracks, like Updates, Training and Education and Controversies, along with Focus on sessions dedicated to "JAK inhibitors" and "Practical diagnostic and therapeutic algorithms".

Highlights include the third edition of the EADV Games, dedicated abstract-based sessions to clinical cases, a wide selection of aesthetic dermatology sessions and the unmissable "Late breaking news" sessions, featuring the best "late breaking abstracts". The plenary sessions will showcase advances in biomarkers, phototherapy, clinical photography, tumour microenvironment, algorithms, social media and fibromyalgia. And speaking of plenary lectures, we are honored to have a keynote lecture by Professor Salim Abdool Karim, with his talk called "From COVID-19 to the Infodemic: Implications for the future".

Moreover, the selected Subspecialty Societies developed an extensive programme, with each society focusing on its dermatological topic and offering important insights into the latest developments in that field.

If you are looking for a more practice-based learning approach, hands-on Workshops are a great opportunity to immediately implement newly learned skills, to gain practical experience and quickly acquire knowledge on the subject.

Last but not least, if you submitted an abstract to the event, you may be able to showcase your latest research in a Late-Breaking News session, a Free Communication, and/or such as an ePoster.

For those unable to attend in person, the Congress will be fully live-streamed, making it accessible worldwide.

Join us in Vienna, or online, for what promises to be an unforgettable 35th EADV Congress.

With warm regards,

Prof. Lidia Rudnicka
Chair of the Scientific
Programming Committee

EADV Scientific Programming Committee:

The Academy

EADV is committed to building the international community that develops, shares, and adopts best practices within dermatology and venereology.

With over 14'000 members and an active community of more than 20'000 professionals around the world, our goal is to be the trusted source for proven scientific advancements and practices in the prevention, diagnosis, and treatment of skin and venereal diseases.

Skin and venereal diseases are continuously evolving, as are the science and practices for preventing, diagnosing, and treating them. Advancements are being made every day that have the potential to have a significant impact on the ongoing battle to improve skin and sexual health around the world. Enabling these advancements to be validated and ensuring all professionals adopt the best practices ultimately moves dermatology and venereology forward.

EADV and its international community of passionate professionals define and spread best practices in dermatology and venereology for the benefit of all. We are a true platform for collaboration and progress across borders and sub-specialties.

Expert task forces shape standards and develop best practice guidelines, while our events, publications, and educational courses share them with our members and the broader community so they can adopt them for maximum impact.

EADV Vision

drives the future of dermatology and venereology by leading progress, empowering a diverse professional community, improving patient care and setting new standards of excellence across Europe and beyond.

EADV Mission

advancing care, education, and research in dermatology and venereology by connecting professionals and fostering innovation worldwide, through events and education opportunities.

Continuing Medical Education – Continuing Professional Development (CME-CPD)

The EADV Congress 2026, Vienna, 30/09/2026 - 03/10/2026, has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) with 24 European CME credits (ECMEC®s).

CME credits

Each medical specialist can claim only those hours of credit actually spent in the educational activity (as recorded by the scanning process or online access).

Here below please find the breakdown of credits per day:

Wednesday, 30 Sep 2026	6.0	The accreditation system is based on 1 ECMEC per hour. No credits will be provided for the following sessions: industry sessions, subspecialty sessions, allied healthcare professionals workshop and EADV Games.	
Thursday, 1 Oct 2026	6.0		
Friday, 2 Oct 2026	6.0		
Saturday, 3 Oct 2026	6.0		

Procedure to gain your credits

Scan your badge, complete the evaluation forms and download the CME-CPD Certificate.

The EADV offers individual CME-CPD participation through scanning the bar code and completing the speaker/session evaluation, which will be available until 31 December 2026.

1. **Scan your badge** as you pass through the entrance of each session hall, and your data will be transmitted to the system (or access the online session on demand).
2. **Complete the anonymous online evaluation** for each attended session. Access the evaluation system in the “My Area” section on the online Congress platform.
3. **Download your CME-CPD certificate** and retain it for your personal records.

Evaluation data is essential to our statistics and is of considerable help in the choice of future topics and speakers. Your feedback and comments are greatly appreciated.

Conversion of Credits

Through an agreement between the Union Européenne des Médecins Spécialistes and the American Medical Association, physicians may convert EACCME® credits to an equivalent number of AMA PRA Category 1 Credits™. Information on the process to convert EACCME® credit to AMA credit can be found at <https://edhub.ama-assn.org/pages/applications>.

Live educational activities, occurring outside of Canada, recognised by the UEMS-EACCME® for ECMEC®s are deemed to be Accredited Group Learning Activities (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada.

Information regarding the conversion of EACCME® credits

Credit will be converted based on one (1) hour of participation equalling one credit for all activities. Physicians wishing to convert EACCME® credits to AMA PRA Category 1 Credit™ will be required to access the AMA website at <https://edhub.ama-assn.org/pages/applications> to obtain the necessary paperwork and instructions. Physicians and other health care professionals will be required to pay a processing fee to the AMA.

For other countries, please contact the relevant national/regional accreditation authority.

Subspecialty and international societies

The following societies develop and manage scientific sessions during the EADV Congress 2026 after approval from the EADV Scientific Programming Committee.

Each society has a specific focus on a dermatological topic and offers important insights into the latest developments in that field.

- Austrian Society of Dermatology and Venereology (ÖGDV)
- ASDV - African Society of Dermatology and Venereology
- CILAD - Colegio Ibero-Latinoamericano de Dermatología
- Euromelanoma
- EHSF - European Hidradenitis Suppurativa Foundation
- ENS - European Nail Society
- European Nurse Dermatology Task Force
- ERN-Skin - European Reference Network
- ESCAD - European Society for Cosmetics and Aesthetic Dermatology
- ESDaP - European Society for Dermatology and Psychiatry
- ESLD - European Society for Lasers and Energy-Based Devices
- ESTP – European Society of Tattoo and Pigment Research
- EURO-PDT - European Society for Photodynamic Therapy in Dermatology
- ESDP - European Society of Dermatopathology
- ESPD - European Society of Photodermatology
- ETFAD - European Task Force of Atopic Dermatitis
- GRAPPA - Group for Research and Assessment of Psoriasis and Psoriatic Arthritis
- IADVL - Indian Association of Dermatologists, Venereologists and Leprologists
- IDS - International Dermoscopy Society
- IEC - International Eczema Council
- IPS - International Peeling Society
- IPC - International Psoriasis Council
- ISD - International Society of Dermatology
- MEIDAM - Middle East International Dermatology and Aesthetic Medicine
- PALD - Pan Arab League of Dermatology
- SSDDS - Saudi Society of Dermatology and Dermatologic Surgery
- SPIN-FRT - Skin Inflammation & Psoriasis International Network, action of the Fondation René Touraine
- SOCS - Skin Of Color Society
- STDV - Tunisian Society of Dermatology and Venereology
- WDS - Women's Dermatologic Society

Scientific Programme

The scientific programme has been organised on full or half-day tracks. Each track has a specific topic and a structured programme.

Session types

Sessions of different formats will cover the important fields of dermatology and venereology. Subjects will be treated with different approaches and from different perspectives.

The following session types will be scheduled throughout the duration of the Congress and are available to all registered participants.

-  **Plenary sessions:** Plenary lectures are EADV show-case sessions and include key-note lectures delivered by eminent scientists and doctors.
-  **Focus on:** These sessions aim at providing comprehensive in-depth coverage of a certain topic in dermatology. The talks will be included in sessions on pathophysiology / epidemiology, clinical challenges, or practical aspects of disease management and will provide the latest cutting-edge information.
-  **Updates:** These sessions will enable participants to update their knowledge on a specific topic and hear about the most relevant and recent developments, guidelines and practical knowledge from the past year. The talks will summarize the current understanding of the subject, followed by an update on the most recent novelties with their impact on clinical practice.
-  **Controversies:** Controversial topics in dermatology will be discussed from different points of view in the form of a debate, giving delegates extensive insights into the latest findings.
-  **Training and education:** These lectures focus on a specific disease and include basic information about epidemiology, pathophysiology, diagnosis, management and prognosis. The target audience of these sessions is young dermatology trainees and residents, as well as dermatologists that want to refresh their basic knowledge on specific topics.
-  **Clinical cases:** Authors of the highest-ranked clinical case abstracts, as assessed by a selected panel of abstract reviewers, are invited to deliver a 10-minute oral presentation.
-  **Free communications:** Authors of the most highly ranked abstracts assessed by a selected panel of abstract reviewers are invited to provide a 10-minute oral presentation.
-  **Miscellaneous:** The miscellaneous track includes a variety of scientific sessions featuring contributions from selected task forces and committees, as well as sessions related to JEADV and other topics of scientific and educational interest
-  **Subspecialty sessions:** Subspecialty and International Society meetings are scientific sessions developed and managed by the individual societies after approval from the EADV Scientific Programming Committee.
-  **EADV Games:** The EADV will host a quiz for residents during the congress, an event which will gather 18 European countries to compete against each other in a thrilling quiz focusing on various Dermatology topics.
-  **Workshops * :** Workshops are a great opportunity to immediately implement newly learned skills, to gain practical experience and quickly acquire knowledge on the subject. Workshops also promote interaction between instructors and participants.

** All Workshops require a pre-registration and a pre-payment. Class sizes are limited to 35 places each and registrants are accepted on a first-paid, first-served basis. More info eadv.org/congress/scientific/workshops*

Patient organisations area

EADV actively works to develop a synergic action between the patient community and key healthcare providers.

We invite all Congress attendees to visit the **Patient Organisations Area** taking place from 30 September to 2 October 2026 in **Foyer D, Level -2** of the Austria Center Vienna.

The Patient Organisation Area serves as a **meeting point** to foster connections, encourage the exchange of experiences, and support the development of meaningful partnerships, all with the shared goal of advancing patient care and promoting patient rights.

EADV invites all Congress participants to **connect**, either onsite or virtually through the Congress platform, **with delegates from a wide range of patient organisations**.

The opening hours of the Area, during which participating Patient Organisations will be present, are provided below:

Wednesday, 30 September
09:30 - 17:30

Thursday, 1 October
09:00 - 17:30

Friday, 2 October
09:00 - 17:30

We acknowledge and thank the following patient organisations for their commitment and involvement during this year's Congress.

Scientific information

Official language

English is the official language of the EADV Congress. No simultaneous translation will be provided at any EADV scientific session.

Session access

Seating is regulated on a first-come, first-served basis. We recommend you go to the session room well in advance of the session to ensure your place. Due to safety regulations, the organisers will close the access to the session if all seats are occupied. Delegates are not permitted to stand in the aisles of the session rooms.

The use of mobile phones as well as audio and video recording devices are strictly prohibited within the scientific session rooms. Please ensure that you have your mobile phone switched off when attending a session. Photography is not permitted.

Abstracts and ePosters

Selected abstracts will be published as electronic posters during the Congress and made available for viewing in the ePoster area, located on level 1 of the ACV.

30 big screens are provided and configured exclusively to display the ePosters.

The ePosters can be viewed sequentially by number, submission topic or searched individually by title, key word, or author.

The ePoster area will be open as follows:

- Wednesday 30 Sep 07:30 – 18.30
- Thursday 1 Oct 07:30 – 18.30
- Friday 2 Oct 07:30 – 18.30
- Saturday 3 Oct 07:30 – 12.00

Accepted abstracts will be made available on the [EADV website](#) after the event.

Certificates and accreditation

All registered participants will be able to download their certificates online based on their level of engagement:

- A **Certificate of Attendance** is available for all registered participants who have a valid registration badge and attended at least 1 session.
- A **CME-CPD Certificate** is available for all participants who actively attended scientific sessions, have their badge scanned and completed the online evaluation forms.
- An **ePoster Certificate** is available for all leading ePoster authors.
- An **Oral presentation Certificate** is available for all presenters of an abstract accepted for an oral presentation.
- A **Speaker presentation Certificate** is available for all presenters who have delivered a lecture in a scientific session
- A **Workshop Certificate** is available for all for all Workshop participants.

The certificates are not sent out automatically. They can be downloaded from the EADV membership platform (MyEADV) by entering the email address and password used during the registration process or the EADV member log-in details (if a EADV member).

More info and login URL: <https://eadv.org/congress/>

Speaker information

All presentations must be in English. Speakers should also verify in the online programme that the name of the room and the time of the session have not changed.

Speakers must upload their presentation 3 hours (minimum) before the lecture if it has not already been uploaded.

Speakers with a presentation during the first time slot of the morning are requested to upload their PowerPoint presentation the day before.

Speaker preview room

The speaker preview room is located in room 0.12 on level 0 of the ACV and will be open as follows:

EADV Congress **1-Day Ticket**

A 1-Day Ticket is limited to one ticket per participant and is available for on-site attendance only. To attend the Congress for more than one day, a Full Ticket valid for the entire duration of the event must be purchased. Transportation pass and Virtual Access after the event are not included.

** IMPORTANT: Industry Session organisers could limit participation to certain representative groups independently from EADV recommendations if deemed imperative to the achievement of the intended purpose of the industry session. The organising company reserves the right to refuse single categories, in particular if not adequately related to the objective and purpose of the session.*

A 1-Day Ticket is only valid for 1 of the 4 days of the Congress and is limited to one ticket per participant.

Registration

Name Badge

Registered participants are invited to print out their badge at the self-printing machines on arrival at the Registration area. The name badge is the official EADV Congress identification document and must be worn at all times to gain entry to the various Congress areas.

The name badge is your ticket for booked activities and sessions. Admission to other areas of the venue is not permitted without badge identification.

The badge includes a QR code containing your full address and email. It is the participant's decision to disclose these details to the Industry Session's organisers with a scanner.

Press information for journalists and media representatives

Journalists who are working for and representing recognised news organisations are encouraged to attend the Congress as Press. To register, journalists must complete the online application, upload a valid press card, and confirm adherence to the Embargo policy.

All registered Press members must adhere to the EADV Press & Media Guidelines, Embargo Policy and Filming/Photography/Recording Policy for Professionals. Registered Press can access all scientific sessions, but not the Exhibition Area, Satellite Symposia or Industry Expert Hub sessions. Only specialised press representatives can access the Exhibition area.

For further registration information, the EADV Press and Media Guidelines and the Embargo Policy, please visit the press page on our website eadv.org/congress/press.

Healthcare Professional information and definition

1. Important note to Healthcare and Non-Healthcare Professionals

As a multidisciplinary audience will attend the EADV Congress, the EADV will assign different classes to Healthcare Professionals (HCPs) and Non-Healthcare Professionals (non-HCPs) to ensure compliance with the Austrian Pharmaceutical industry (PHARMIG) [Code of Conduct](#) and the medical device industry code of conduct (AUSTROMED) ([Kodex und Statuten der AUSTROMED – Erklärvideo](#)).

Please read the description below to ensure that you (or your delegates) comply with the regulations in place.

EADV members are not automatically considered Healthcare Professionals.

Please select the correct status (HCP or non-HCP) during registration.

2. HCP Definition

The PHARMIG code defines Healthcare Professionals as follows (art. 2.2):

“Healthcare Professional:

“...any natural person(s) authorized to administer, to dispense, and to prescribe medicinal products such as doctors, pharmacists, dental practitioners, veterinarians, dentists, midwives, nursing professionals, medical technicians, medical service professionals, and other medical services organizations, provided that such medicinal products are necessary for the discharge of their duties.”

Medical students are not considered Healthcare Professionals under the current guidelines and will be automatically classified as Non-Healthcare Professionals.

3. Industry sessions

Satellite Symposia and Industry Hub Sessions presenting data on the development, research, or other issues related to prescription medicine is restricted to Healthcare Professionals and *Non Member (INDUSTRY)* as indicated by the Industry Session Organizer.

All promotional materials and marketing aids related to these industry sessions should be strictly limited to HCPs.

Industry Session organisers can limit participation to certain representative groups independently from the EADV recommendations if deemed imperative to achieving the session's intended purpose. The organising company reserves the right to refuse single categories, particularly if they are not adequately related to the session's objective and purpose.

The industry session organiser is responsible for compliance with the session.

Privacy

Use of private data

The data made available through the Registration Portal for Congresses and Symposia are gathered and treated by the EADV in compliance with the Swiss regulation on data protection and the General Data Protection Regulation. We advise you to read the full EADV Privacy Policy on eadv.org/privacy-policy.

Transferring the data to the industry session organiser

During the EADV Congress, you have the right to transfer the data collected by EADV to another controller ("the Industry session organiser", "Industry"). It may occur through scanning a badge, QR code, or other means at any industry session at the Congress, the participant authorises the EADV to transfer the participant's data to the Industry.

The EADV is obliged to make this process possible, but does not take any responsibility for what happens with the data after it is transferred to the Industry session organiser. We advise making sure that the Industry presents a Privacy Policy and read it carefully. Purposes described by the Industry Exhibitor might include the promotion of pharmaceutical products and similar.

Transfer of the data from the EADV to the exhibiting Industry does not mean the removal of original data from EADV. If you wish for the data to be removed or have any requests or questions, please contact us at any time by writing to eadvoffice@eadv.org.

Third-party registration

The EADV does not officially support or authorise any third-party organisation that creates registrations for individuals or groups. We strongly advise registering accordingly to official fees and only on the EADV official websites.

Liability disclaimer

The Organisers cannot be held liable for any hindrance or disruption to the EADV Congress arising from political, social or economic events or any other unforeseen incidents beyond their control. The Organisers will accept no liability for any personal injuries sustained or for loss or damage to property belonging to Congress participants, either during or as a result of the Congress or during all tours and events. Registration of a participant entails acceptance of these conditions.
